Levels Of Care

To provide the benefits of Aging in Place for all of our residents, we offer a variety of levels of assistance based upon each resident's changing needs and demands.

All levels of care include: staff on duty 24-hours per day; daily bed linen service; hairdresser and barber on premises; social, cultural and recreation activities; all utilities (phone & cable are available, but not included); weekly visits to the house physician if needed; a visiting dentist; visiting podiatrist; visiting optometrist; ambulance service available; mobile units for x-rays and blood work; and the use of our Special Care Unit, our in-house hospital-like setting for short-term health needs.

Level 1: Primary Care

This is our most reasonably priced level, and is for residents who can live with minimal supervision and assistance.

Level 2: Extended Care

Level 2 care is for residents who need a little extra help to get through the day. Includes daily assistance with personal grooming and frequent safety checks.

Level 3: Extended Care and Special Needs

Level 3 care includes 24-hour supervision, hourly safety checks, and is appropriate for residents with dementia or other mentally debilitating diseases.

Hayes Manor will tailor a plan of care to your loved ones' special needs to ensure the best possible care.
